SPOT TREATMENT PRICING & WARRANTY INFORMATION

- * SBTI will provide this Warranty for \$ 0 first year for a spot treatment. There is no obligation to renew this Warranty but you have the option to renew for another year at \$ _____ + tax.
- * We will call you 30 days before your renewal date.
- * If you decide to renew your Warranty, SBTI will go to your home and perform another detailed termite inspection.
- * During your Warranty period, SBTI will, if required, provide all necessary material and labor to spot treat the infested areas for any subterranean termites.
A spot treatment is a defined area less than 10 linear feet or square feet. There may be the chance that a spot treatment may not treat adjacent hidden termite infestation. Our Warranty only covers areas (spots) we treat and no other adjacent or surrounding areas.
- * SBTI may recommend to treat additional areas at additional fees but your spot treatment fee will be credited. Main structure only _____ sq. ft. (Detached buildings and fences are extra)
- * SBTI will require conducive conditions to be corrected in order for this Warranty to be valid.
(Bushes, ground cover, debris and wood touching house, excessive moisture, high soil and wood rot).
- * SBTI will always use the most effective product professionally available.
- * There may be a trip charge applied if more additional termite inspections are requested by you during your Warranty period and no termite activity is found.
- * This Warranty does not cover any previous or future termite damages or repairs compensation and only covers native subterranean termites. Additional treatments must be paid in advance of work.

GENERAL INFORMATION

- * SBTI uses only labeled termiticides and provides owner will all state required documents.
- * Customers agrees to attempt to work all issues directly with SBTI. If the Customer and SBTI are unable to work out issues, a state licensed arbitrator will be utilized and all finding will be final and binding.
